

# VIDUSHI GARGI CENTRE *for* WOMEN DEVELOPMENT

[www.gtu.ac.in](http://www.gtu.ac.in)

Wajra O' Force have shown their willingness to collaborate with Vidushi Gargi Centre for Women Development of GTU and have invited us to serve as their knowledge partners for Wajra's her STEAM – Life Skills project. As a part of this collaboration, female faculty members and of various PG Schools have visited the schools adopted by the foundation to educate the young girls on various topics in order to boost their motivation to continue with their education.

On January 19th, Dr. Neelam M. Nathani, along with her postgraduate students, Meghal Vaishnani, Raval Rajvee, Mansi Popat, and Keyuri Darji, continued the session at Ellis Bridge School on **19<sup>th</sup> January**. This phase involved puzzles related to scientific concepts, hands-on experiments simulating scientific processes, and interactive quiz sessions. The activities aimed to enhance problem-solving skills and deepen the students' understanding of scientific principles.

The structured sessions provided students with practical knowledge, fostering a deeper understanding of scientific concepts and the importance of hygiene. Engaging activities, including games, dances, and quizzes, not only made learning enjoyable but also encouraged healthy competition.
